where you can find various free dental treatments and other subsidised treatment at rates well below those of the market.

DKV Dentisalud offers you various kinds of dental care and treatment, both to solve dental problems and for preventive care that will help to keep your mouth healthy.

Also, in case of a serious dental accident, we guarantee you the coverage of any odontological damage.

WHAT IS YOUR COVERAGE?

With this dental policy you have covered, above all, your peace of mind, because we guarantee you a high quality service to enjoy the best dental health.

Come what may, our network of associated dentists (own means), guarantees you care throughout Spain.

OWN MEANS

The dentists and dental centres that appear in the **DKV Medical Directory** grant you access to the following coverage:

Diagnosis unit

Examination and observation. Includes treatment, preparation of quotes, etc.

Odontology

- > **Preventive:** gel or fluoride applications, dental cleans, sealing of cavities and fissures, dental education.
- > **Conservative:** to conserve our teeth through obturations, endodontics... What is known as fillings, killing nerves, etc.
- > **Health:** periodontics (curettages, hygiene, check ups). Everything related to the gums.
- > **Surgical:** simple or complex extraction of teeth.
- > **Application of odontological prostheses:** skeletal cases or bridges... which may be fixed, removable or partial.

Orthodontics

Orthodontic treatment: Includes study, evaluation and diagnosis.

Application of dental accessories as treatment for the correction of teeth in children and adults.

Dental aesthetics

From whitening of pieces, to fitting ceramic sides.

Implants

To substitute missing pieces, without touching neighbouring teeth, by means of inserting titanium screws.

MORE COVERAGE

EXTERNAL MEANS

In case of a serious dental accident (affecting more than three teeth), DKV offers you compensation, up to a maximum limit of 6.000 EUR, through a refund system for expenses (**free choice of dentist**), without applying an excess.

FOR YOUR CONVENIENCE...

Very easy to take out

A health declaration is not required. The dental policy has neither limits, nor differences for age.

Very easy to use

You select your dentist from the directory and contact him directly to make an appointment. Your DKV Dentsalud card will identify you as a DKV client.

If you require any treatment, we'll give you an immediate quote and answer any doubts that you may have regarding the requested treatment.

Two modalities:

DKV Dentsalud Classic: A better premium for the insured person.

DKV Dentsalud Elite: Better excess* for the insured person.

*Excess: Price paid by the insured person to the dentist for the dental treatment.
